PINTU MASUK

An architectural rendering of the exterior entrance of Masjid Delapan Pintu at night. The building features a series of eight large, arched doorways, each framed with intricate golden Islamic geometric patterns. Above the first four arches, there are circular emblems containing the Arabic calligraphic word 'الله' (Allah). The entrance is flanked by tall, slender columns. The foreground shows a paved plaza with a checkered pattern, several young trees planted in raised planters, and silhouettes of people walking. A yellow car is visible on the left. The sky is dark with some clouds.
